

FOM

input  $t$

A block diagram representing the Forward Operator Method (FOM). A horizontal arrow enters a light blue rectangular box from the left. Above the arrow is the text "input  $t$ ". Inside the box is the equation  $\frac{d}{dt}f = Q(f, t)$ . A horizontal arrow exits the box to the right, with the text "output  $f$ " above it.

$$\frac{d}{dt}f = Q(f, t)$$

output  $f$
