

FOM

input t

A block diagram representing the Forward Operator Method (FOM). A light blue rectangular box with a black border is the central element. Above the box, the text 'FOM' is centered. An arrow enters the box from the left, labeled 'input t '. Inside the box, the equation $\frac{d}{dt}f = Q(f, t)$ is displayed. An arrow exits the box to the right, labeled 'output f '.

$$\frac{d}{dt}f = Q(f, t)$$

output f
